SCAG SW BELT-DRIVE WALK-BEHIND

32", 36", 48", 52"

Belt Drive Walk Behind Mower

A fundamental element of any commercial cutter fleet, the SW belt-drive walk-behind continues to prove its worth through its simple design and efficient operation.

Twin power belts maximize drive performance in all weather conditions. With the spring assisted EZ Grip hand controls and the reliable Peerless five-speed drive system, you can expect trouble free, productive performance.

The 5-speed transmission features 9-spline coupler construction for added durability and longevity. And with the exclusive **Advantage™** and **Velocity Plus™** cutter decks, you get the perfect cut, the first time, every time.

SCAG SWZT HYDRO-DRIVE WALK-BEHIND

36", 48", 52", 61"

SWZT Hydro "Floating Deck" Zero Turn Walk Behind

Its outstanding operator control system, floating, easy-adjust cutter deck and smooth and powerful hydraulic drive system makes mowing a dream.

The all new, incredibly ergonomic control system was designed to make operation easy, not a fatigue causing fight. The controls not only contour to the natural angles of your extended hands, but are placed to keep your hands out of harm's way when mowing next to trees and bushes.

Dual hydraulic ZT-2800 transaxles with cooling fans and steel fan covers allow independent, amazingly smooth and positive power to each wheel. With counter-rotation turning, one wheel moves forward while the other moves backward during a zero-turn, minimizing scuffed turf and increasing maneuverability in heavily landscaped areas.

SCAG SWZ HYDRO-DRIVE WALK-BEHIND MOWER

36", 48", 52" Fixed Deck

52", 61" Large Frame

Hydro Fixed Deck and Large Frame Hydro Drive with Pumps & Motors Hydro Drive System

Its outstanding quality, dependability and performance will put you a step ahead of your competition.

Dual hydraulic pumps and cast-iron wheel motors allow independent, positive power to each wheel. With counter-rotation turning, one wheel moves forward while the other moves backward, minimizing scuffed turf and increasing maneuverability in heavily landscaped areas.

With Scag's exclusive **Advantage™** and **Velocity Plus™** cutter decks, you will get the perfect cut, the first time, every time. Ultra-heavy-duty construction and great features like an integrated parking brake set the SWZ apart from the competition.

SCAG V-RIDE II

32", 36", 48", 52", 61"

V-Ride II Stand-On Hydro Mower

The V-Ride II is an ultra-compact, agile, comfortable and stable stand-on mowing machine. It combines the speed and comfort of a rider with the space-saving convenience of a walk-behind mower.

Despite its compact size, the V-Ride II boasts many full-sized features like dual hydraulic pump dual wheel motor drive system, coil-suspension platform, and a heavy-duty steel main frame. Pair a powerful **Briggs Vanguard EFI**, **Kawasaki FX**, or **Kohler EFI** commercial-grade engine with a 32" or 36" **Advantage™** or a 48", 52" or 61" **Velocity Plus™ deck** and you have an ideal combination of agility, power and performance.

This is truly the ultimate stand-on mower with excellent handling, stability and quality. No cut corners, no compromise, nothing but top-quality construction and unmatched performance.

SCAG PATRIOT

52", 61"
Patriot

The Patriot is equipped with a productive 52" or 61" cutter deck to leave behind a beautiful quality-of-cut. Its strong hydro drive system brings the power and keeps you moving at ground speeds of up to 10 mph (SPZ61), while large front caster tires and extra-large drive tires provide dependable traction, stability and a smooth ride.

A new ultra-plush bolstered seat, large diameter steering handles, and rubber iso-mounted foot plate give the operator a comfortable ride. The Hydro-Gear ZT-3400 (61") or ZT-3100 (52") hydro transaxles deliver smooth drive power and have spin-on oil filters for easy maintenance.

The Patriot 52" and 61" will handle your toughest commercial jobs and large estate properties with ease and comfort. All of that and it leaves behind a beautiful quality-of-cut your competition and neighbors will be jealous of.

SCAG TIGER CAT II

48", 52", 61"
Tiger Cat II

With roaring power and agile maneuverability, the compact Scag Tiger Cat II® is a force all its own. Where productivity is essential, the Tiger Cat II delivers with ease, capable of handling more than 24 acres per day.

Powerful engines and a tough dual pump and wheel motor drive system ensure dependable performance, year after year. Equipped with a Velocity Plus™ cutter deck, this mower will tame the tallest grass and leave it looking smooth and professionally manicured.

A full-body welded steel frame will not yield to tough terrain, while the low center-of-gravity keeps the Tiger Cat II stable. The replaceable front caster extension protects the main frame against impact damage and features tapered roller bearings in the caster yoke pivots for long, dependable life.

Comfort is maximized with either an adjustable suspension seat or a soft-ride seat. Adjustable steering levers, arm rests and a big foot platform reduce operator fatigue.

SCAG CHEETAH II

61", 72"

Cheetah II w/Operator Suspension System

Clocking in at speeds up to 16 mph and featuring a coil-over shock suspension system, the Cheetah II is truly a remarkable zero-turn mower.

The **Operator Suspension System** isolates the operator platform via a coil-over shock and provides additional comfort via rubber iso-mounts. This innovative, adjustable system soaks up the bumps and keeps things simple with only three moving parts.

The **ZT-5400 transaxles** have two-speeds, Low Range (up to 12MPH) and High Range (up to 16MPH). The large 15-gallon fuel capacity (dual tanks) keeps you in the field cutting grass. Fill up in the morning and cut all day long.

From the heavy-duty, **Tri-Plate Velocity Plus™ side discharge cutter decks** and the **61" Velocity Plus™ Rear Discharge Decks**, to the various high-power engine options, there's a Cheetah that will increase your productivity and leave your competition in the dust!

SCAG TURF TIGER II

52", 61", 72"

Turf Tiger II

The all-new Turf Tiger II stands heads and tails above the crowd in power, durability and performance. This industry benchmark has been re-engineered to be as easy on the operator as it is efficient on tough jobs in the field. No matter how challenging the terrain and cutting conditions, the Turf Tiger II makes mowing a snap.

From the heavy-duty, Tri-Plate Velocity Plus™ cutter decks to its extra strength double-tube steel frame to the dual 16cc hydraulic pumps and high-torque wheel motors, this cat is ready for action. The Turf Tiger II features the exclusive Command-Comfort Operator Station with adjustable 4-point iso-mounted suspension seat and Quick-Fit adjustable steering control levers to make your time spent in the driver's seat more comfortable and more productive.

With speeds up to 12 mph, huge-horsepower, fuel efficient engine options like the fuel injected Kawasaki or Kohler EFI, or massive 35hp Big Block models, there's a Tiger II that will increase your productivity and send your competition running for cover! A larger capacity fuel tank and a heavy-duty hydraulic oil cooler, the Turf Tiger II is geared up to take the "hard" out of hard work.

SCAG MULCHING KITS

Mulching kits

All Walks, V-Ride II's & ZTR's

The unique Hurricane Plus Mulch System employs "Eye of the Hurricane" mulching plates combined with bolt-in v-baffles and flow directors.

Eliminator blades, a side discharge close-off plate and hardware complete the system. The result is the best performing, most productive mulching system available for commercial mowers! Because the cutting chambers are not completely separated, grass clippings travel between the chambers for high-velocity mulching.

The "Eye of the Hurricane" mulch plates efficiently force the cut grass into the path of the Eliminator blades, where it is shredded and quickly driven into the ground. This prevents loading up of grass clippings on the underside of the deck and requires less horsepower to mulch, even in moist conditions.
